

DSc., PROF. Irina MAKASHINA ,

Admiral Ushakov Maritime State University, Novorossisk , Russia

SPIN-COD 6230-9117, AuthorID: 374499

irmak@inbox.ru

Scientific title: DSc. Prof.in Education

Studies: M.Sci. June 3, 1986, in the Novosibirsk State University, Special studies in Advanced Mathematics. Thesis title: "Change-variable formula for functional spaces with fractional derivatives". Ph.D., November 15, 1995, in the Sobolev Institute of Mathematics of the Siberian Branch of the Russian Academy of Sciences, Thesis title: "Nonlinear potential theory of subelliptic equations", supervisor Professor S.K. Vodopyanov.

Professional experience: Real Analysis, PDE, Sub-Riemannian and Sub-semi-Riemannian Geometry, Control Theory, Mathematical Physics, Lie algebras and groups, Managing Editor of the Journal "Analysis and Mathematical Physics" cs", <http://www.springer.com/birkhauser/mathematics/journal/13324>, Editor of the Journal "CUBO". Discip[lines: Solids-State Chemistry, Materials Chemistry, Nanotechnology.

Key points of interest in research: Mathematical Physics, Real Analysis, Quasiconformal and quasiregular mappings, Non-linear potential theory,
